

# GARDEN WISE TV

## I'll Take Plants for \$400 Alex

Santa Barbara County has seen no shortage of wildfires, and as we remain in a drought, our hot and dry conditions continue to make us exceptionally vulnerable to more in the future. In this episode, we discuss the importance of defensible space and get tips on how to design a fire wise garden. We also visit a local nursery to learn how to pick the best plants for our landscapes, followed by a trip to Lotusland to take a closer look at their renown insectary. Finally, we end the episode with an exciting game of Water Wise Jeopardy that you don't want to miss!

**Sundays at 9:30 PM on City TV Channel 18**  
**Also airs on County GATV 20 Mon-Wed 9:30 PM**  
**and Comcast 23 Mon & Sun 4 PM, Wed 8 AM**
